But if you're Antifa and BLM you can set the church on fire and commit violence and NG isn't needed.

At various point in time all over the country, just google for dozens of pictures.

The National Guard kneels for domestic terrorists.

I'm in the Guard. We were told when going to Cleveland this spring that there is no kneeling, no matter how much the crowd tells you to. Cannot be political in uniform.

Remember your oath and don't die.

The people have a right to assemble, and a right to bear arms. If you try to infringe those rights, you are choosing to be an enemy of the people.

The MD and DC National Guard are made up of mostly BLM Supporters and the like. They'll gladly shoot you.

Anyone in support of the current "Regime" should be considered an Enemy at this point.

There are, in some NG units, so many people there just because they needed a job it's absurd.

When I was Active Duty I'd have to deal with them every once in awhile and it was like dealing with a bunch of Juvenile Delinquents in Uniform. They're not Military. They're a social club full of Paid Volunteers that show up every other month.

Beg your pardon? My unit is in every month, sometimes more than once. Every hurricane and earthquake since 2017 to 2020 we have responded to by sending life support equipment and the people to set up and operate it. Today's Guard is not your father's Guard.

They are boarded up in the zone between the White House and the Capitol, not all but most

Oh, edited to mention that between the white house going north on 16th street and vicinity to the right. around Lafayette Park there is a few boarded up. After the inauguration this area was a primary war zone. It's where the burning limousine happened.

I can see the NG and the Patriots recreating the scene from Braveheart where the Scots meet the Irish mercenaries at the Battle of Falkirk and join together, and that is painful to talk about coming from a Englishman.

Trump is the CINC of the DC National Guard. The adjutant general works for him the same way they work for a governor in a state or territory. They work for him. He should change their orders mid-morning and assist the patriots in physically removing Congress members from the Capitol and turn them over to the Pedes.

this isn't unusual for major events in the city. Even if the army were going to be there, it wouldn't be that strange.

Ft McNair has an entire army command with one of their missions is providing security at large dc events (they were in the news recently since they were notified they wouldn't be needed for a Biden parade)
